the operation of the enforcement notice shall be suspended pending the determination of the application and any appeal made thereafter in accordance with section 19 and if the permission applied for is granted on that application or any appeal arising therefrom, the enforcement notice shall not take effect.

**23.**—(1) If any person on whom an enforcement notice is served under this section is aggrieved by the enforcement notice, he may, at any time within the period mentioned in section 22 (3), appeal against the enforcement notice to the Magistrate's Court having jurisdiction in the area within which the land to which the notice relates is situated; and on any such appeal the court—

(a) if satisfied that permission was granted under this Part for the development to which the enforcement notice relates, or that no such permission was required for the said development, or, as the case may be, that the conditions subject to which such permission was granted have been complied with, shall quash the enforcement notice to which the appeal relates;

(b) if not so satisfied, but satisfied that the requirements of the notice exceed what is necessary for restoring the land to its condition before development took place, or for securing compliance with the conditions, as the case may be, shall vary the notice accordingly; or

(c) in any other case shall dismiss the appeal.

(2) When, within the period mentioned in section 22 (3), an appeal is made to the court under this section by a person on whom the enforcement notice was served, the operation of the enforcement notice shall be suspended pending the determination or withdrawal of the appeal.

(3) Where the enforcement notice is varied or the appeal is dismissed then, subject to paragraph (a) of subsection (1), the court may direct that the enforcement notice shall not come into force until such date (not being later than twenty-eight days from the determination of the appeal) as it thinks fit.

land) have not been taken, the Board may enter on the land and take those steps and may recover as a simple contract debt in any court of competent jurisdiction from the person who is then the owner of the land any expenses reasonably incurred by the Board in that behalf; and if that person, having been entitled to appeal to the court under section 23, failed to make such an appeal he shall not be entitled in proceedings under this subsection to dispute validity of the action taken by the Board upon any ground that could have raised in such an appeal.

(2) Any expenses incurred by the owner or occupier of any land for the purpose of complying with an enforcement notice served under section 22, in respect of any development, and any sums paid by the owner of any land under subsection (1) of this section in respect of the expenses of the Board in taking steps required to be taken by such an enforcement notice, shall be deemed to be incurred or paid for the use and at the request of the person by whom the development was carried out.

(3) Where, by virtue of an enforcement notice, any use of land is required to be discontinued, or any conditions are required to be complied with in respect of any use of land or in respect of the carrying out of any operations thereon, any person who, without the grant of permission in that behalf under this Part, uses the land or causes or permits the land to be used, or carries out or causes or permits to be carried out those operations, in contravention of the enforcement notice, shall be guilty of an offence and liable to a fine not exceeding five hundred dollars and, in the case of a continuing offence, to a further fine not exceeding fifty dollars for every day after the first day during which the use is so continued.

(4) Nothing in this Part shall be construed as requiring permission to be obtained thereunder for the use of any land for the purpose for which it could lawfully have been used under this Part if the development in respect of which an enforcement notice is served under section 22 had not been carried out.

(5) The Board shall keep, and make available for inspection by the public, a register containing such information with respect to enforcement notices served by the Board as may be prescribed by the Minister.

**25.**—(1) Subject to this section, where an enforcement notice has been served under section 22 on the person who was, when the notice was served on him, the owner of the land to which the enforcement notice relates and within the period specified in the

(2) If a person against whom proceedings are brought under this section (hereinafter referred to as the "original defendant") has at some time before the end of the period specified in the enforcement notice for compliance with the notice (or of such extended period as the Minister may allow) ceased to be the owner of the land, he shall, upon information duly laid by him and on giving to the prosecution not less than three clear days' notice of his intention, be entitled to have the person who then became the owner of the land brought before the Court in the proceedings.

(3) If, after it has been proven that any steps required by the enforcement notice have not been taken as aforesaid, the original defendant proves that the failure to take the required steps was attributable in whole or in part to the default of the said other person, that other person may be convicted of the offence.

(4) If the original defendant further proves that he took all reasonable steps to secure compliance with the enforcement notice, then he shall be acquitted of the offence.

**26.**—(1) Compliance with an enforcement notice, whether as respects—

(a) the demolition or alteration of any buildings or works; or

(b) the discontinuance of any use of land; or

(2) Without restricting the generality of subsection (1), where any development is carried out on land by way of reinstating or restoring buildings or works that have been demolished or altered in compliance with an enforcement notice, the enforcement notice shall, notwithstanding that its terms may not be apt for the purpose, be deemed to apply in relation to the buildings or works as reinstated or restored as it applied in relation to the

(3) Without affecting the operation of section 25 a person who carries out any development on land by way of reinstating or restoring buildings or works that have been demolished or altered in compliance with an enforcement notice shall be liable to a fine not exceeding five hundred dollars.

(4) Notwithstanding subsection (2) where it appears to the Board that any tree preservation order should take effect immediately, it may make the order provisionally without complying with the requirements of any regulations with respect to the consideration of objections and representations, but any order so made shall cease to have effect upon the expiration of two months from the date on which it is so made unless within that period it has again been made, with or without modifications, after compliance with those requirements.

(5) Without limiting the other exemptions for which provision may be made by a tree preservation order, no such order shall apply to the cutting down, topping or lopping of trees that are dying or dead or have become dangerous or the cutting down, topping or lopping of any trees in compliance with any obligation imposed by or under any Act or so far as may be necessary for the prevention or abatement of a nuisance.

(6) If any person contravenes the provisions of a tree preservation order, he shall be guilty of an offence and liable on summary conviction to a fine not exceeding five hundred dollars and, in case of a continuing offence, to a further fine not exceeding fifty dollars for every day after the first day during which the contravention is so continued.

28.—(1) If it appears to the Board that the amenity of an area is seriously injured by the condition of any garden, vacant site or other open land in the area, the Board may serve on the owner and occupier of the land a notice requiring such steps for abating the injury as may be specified therein.

(2) In relation to any notice served under this section, the provisions of sections 22 (3), 23 (1), (2) and (3), 24 (1) and (2) and 25 shall, subject to such exceptions and modifications as may be prescribed by regulations under this Act, apply as those provisions apply in relation to an enforcement notice served under section 22.
